DEPARTMENT OF EDUCATION
NEW DELHI**

"Education in India" is an annual publication of the Department of Education, Ministry of Human Resource Development. As per the revised pattern, it is brought out in three volumes : Vol.I(S) containing the numerical data of school education, Vol.I(C) numerical data of collegiate education; Vol.II(S) containing financial data on School Education; and Vol.II(C) the financial data on University and Higher Education; and Volume III examination results of matriculation and higher levels.

The present publication Vol.II(C) relates to the year 1987-88. This is the first publication under the revised pattern. It contains financial data on Non-Affiliated Institutions of Higher Education only. Data in respect of affiliated institutions in the field of Higher Education is to be compiled and printed by UGC w.e.f. 1987-88 and onwards. This publication contains all India and statewise Statistical Tables based on the information collected from the States and Union Territories through forms ES-II(C).

It is hoped that the publication will be useful for educational planners and policy makers as well as to those engaged in research and development.

I would like to thank the State/Union Territory administration officers and staff of Statistics Unit and CMIS Unit for their efforts in bringing out this publication. We still have a long way to go to reduce the time gap in bringing out the statistical publication and our constant endeavour would be to reduce this time gap.

Further suggestions for improving the publication are welcomed.

The title has been brought out in resographic form for making available the data for official use. This data is also available on floppies.
